

RMHD-2021

Monday, 20 September 2021

Plenary lectures: Transformation of submerged liquid metal jets under strong magnetic fields (14:00 - 14:30)

time	[id] title	presenter
14:00	[20] Transformation of submerged liquid metal jets under strong magnetic fields	KOLESNIKOV, Y

Plenary lectures: Dynamo action of the large scale flow in a precessing cylinder (16:00 - 16:30)

time	[id] title	presenter
16:00	[29] Dynamo action of the large scale flow in a precessing cylinder	GIESECKE, A

Tuesday, 21 September 2021

Plenary lectures: Electro vortex flow in cylindrical cell (14:00 - 14:30)

time	[id] title	presenter
14:00	[39] Electro vortex flow in cylindrical cell	KOLESNICHENKO, Ilya

Plenary lectures: Plasma-surface interaction in fusion devices: review of recent results (16:00 - 16:30)

time	[id] title	presenter
16:00	[66] Plasma-surface interaction in fusion devices: review of recent results	BUDAEV, V

Wednesday, 22 September 2021

Plenary lectures: Transfer phenomena in magnetic fluid composites (14:00 - 14:30)

time	[id] title	presenter
14:00	[95] Transfer phenomena in magnetic fluid composites	ZAKINYAN, A

Plenary lectures: Magnetic microswimmers in external potentials (16:00 - 16:30)

time	[id] title	presenter
16:00	[104] Magnetic microswimmers in external potentials	ERBE, A
